Red Jack and the Ragged Thirteen Greg Barron 2019-06-15 They called her Red Jack, for her hair was as bright as an outback sunset, hanging to her waist from beneath a stained cattleman's hat. Borne on her jet-black stallion, Mephistopheles, she roved the north in the 1880s and 90s. Where did she come from, and where did she go? No one knows for sure, but the mystery lives on. The Ragged Thirteen were a band of thirteen larrikins who put their stamp on Australian folklore with their devil-may-care journey across the wild Northern Australian frontier. They were not bushrangers, but were certainly inclined to bend the law. This fictional account is based on the recollections of settlers and pioneers, but is, most of all, a yarn in all the best traditions of that word.

The French Foreign Legion Douglas Boyd 2010-01 The French Foreign Legion is an extraordinary and unique army, specifically created for foreign nationals wishing to serve in the French Armed Forces, but commanded by French officers. For nearly two centuries, adventure seekers or men on the run from all around the globe have found a home in the Foreign Legion and shed blood for France. In this book, author Douglas Boyd has been given unrivalled access to the Legion to tell its story from its inception in the 1830s, when it was primarily used to protect and expand the French colonial empire during the nineteenth century, but it has also fought in almost all French wars including the Franco-Prussian War and both World Wars. The Legion is today known as an elite military unit whose training focuses not only on traditional military skills, but also on its strong esprit de corps.

The Ethnic Penalty Reza Hasmath 2016-03-23 Populations of visible ethnic minorities have steadily increased over the past few decades in immigrant-receptive societies. While a complex calculus of push and pull factors has motivated this increase, one of the main impetuses for this migration has been the search for employment, better wages and a higher standard of living. It is therefore not surprising that the educational attainments of the first generation and beyond have achieved convergence with, or exceeded the non-ethnic minority cohort. These outcomes may suggest a greater propensity for visible ethnic minorities to attain labour market success and to fully integrate within the community. However, the narrative derived from statistical analysis, interviews and participant observation suggest an uneasiness boldly to claim this as the most convincing conclusion at this juncture. The Ethnic Penalty argues that a penalty has impeded the occupational success of ethnic minorities during the job search, hiring and promotion process. As a result, ethnic minorities have a lower income, higher unemployment and a general failure to convert their high educational attainments into comparable occupational outcomes. In this context, the book examines whether explanatory factors such as discrimination, an individual's social network, a firm's working culture, and a community's social trust are major contributing reasons behind this apparent penalty, whilst also making suggestions for improving the integration, education delivery, and labour market outcomes of visible ethnic minorities.

M7 Priest David Doyle 2018-12 The M7 Howitzer Motor Carriage, dubbed the Priest, was the most successful and widely used example of American self-propelled artillery during WWII. Examples continued to be used by the U.S. Army during the Korean war, and beyond, even serving Allied countries into the 1970s. Coined the Priest due to its pulpit-like structure for the gun commander, this armored fighting vehicle would see action in North Africa, Italy, and the D-Day landings in Normandy and all the way to Germany.

Nicotine Gregor Hens 2017-01-10 By turns philosophical and darkly comic, an ex-smoker's meditation on the nature and consequences of his nearly lifelong addiction Written with the passion of an obsessive, Nicotine addresses a lifelong addiction, from the thrill of the first drag to the perennial last last cigarette. Reflecting on his experiences as a smoker from a young age, Gregor Hens investigates the irreversible effects of nicotine on thought and patterns of behavior. He extends the conversation with other smokers to meditations on Mark Twain and Italo Svevo, the nature of habit, and the validity of hypnosis. With comic insight and meticulous precision, Hens deconstructs every facet of dependency, offering a brilliant analysis of the psychopathology of addiction. This is a book about the physical, emotional, and psychological power of nicotine as not only an addictive drug, but also a gateway to memory, a long trail of streetlights in the rearview mirror of a smoker's life. Cigarettes are sometimes a solace, sometimes a weakness, but always a witness and companion. This is a meditation, an ode, and a eulogy, one that will be passed hand-to-hand between close friends.

The Road to McCarthy is a quixotic and anything-but-typical Irish odyssey that confirms Pete McCarthy's status as one of our funniest and most incisive writers.

A History of the Women Marines. 1946-1977 Mary V. Stremlow 2014-06-04 Despite the acknowledged contribution made by the 20,000 women Reservists who served in the Marine Corps during World War II, there was no thought in 1946 of maintaining women on active duty or, for that matter, even in the Reserve forces. This volume recounts the events that brought about the change in thinking on the part of Marines, both men and women, that led to the integration of women into the Corps, to the point where they now constitute eight percent of our strength. A History of the Women Marines, 1946-1977 is almost entirely derived from raw files, interviews and conversations, newspaper articles, muster rolls and unit diaries, and materials loaned by Marines. There was no one large body of records available. In the course of the project, more than 300 letters were written to individuals, several mass mailings were made, and notices soliciting information were printed in all post and station newspapers, Leatherneck, Marine Corps Gazette, Retired Marine, and the newsletters of Marine Corps associations. More than 100 written responses were received and some women Marines generously loaned us personal papers and precious scrapbooks. Especially helpful in piecing together the events between World War II and the passage of the Women's Armed Services Integration Act were the scrapbooks of former Director of Women Marines Colonel Julia E. Hamblet, and former WR Dorothy M. Munroe. Taped interviews were conducted with 32 women,

including former Director of the Women's Reserve Colonel Ruth Cheney Streeter. Researching this history was a challenge. Women's units were extremely difficult to find. Only those labeled "Women Marine Company" were easily identified. At times, days were spent screening the muster rolls of all the companies of all the battalions on a base looking for one with personnel having feminine first names. More recent unit diaries were even less useful since they are not signed by commanding officers and initials are used rather than first names. To add to the problem, the Corps had no system that permits a researcher to find a married woman when only her maiden name is known, or vice versa.

Song of the Loon Richard Amory 2005-05-01 "More completely than any author before him, Richard Amory explores the tormented world of love for man by man . . . a happy amalgam of James Fenimore Cooper, Jean Genet and Hudson's Green Mansions."—from the cover copy of the 1969 edition Published well ahead of its time, in 1966 by Greenleaf Classics, Song of the Loon is a romantic novel that tells the story of Ephraim MacIver and his travels through the wilderness. Along his journey, he meets a number of characters who share with him stories, wisdom and homosexual encounters. The most popular erotic gay book of the 1960s and 1970s, Song of the Loon was the inspiration for two sequels, a 1970 film of the same name, at least one porn movie and a parody novel called Fruit of the Loon. Unique among pulp novels of the time, the gay characters in Song of the Loon are strong and romantically drawn, which has earned the book a place in the canon of gay American literature. With an introduction by Michael Bronski, editor of Pulp Friction and author of The Pleasure Principle. Little Sister's Classics is a new series of books from Arsenal Pulp Press, reviving lost and out-of-print gay and lesbian classic books, both fiction and nonfiction. The books in the series are produced in conjunction with Little Sister's Book and Art Emporium, the heroic Vancouver bookstore well-known for its anti-censorship efforts.
