words that shaped their lives. They'll just have to borrow, beg, and band together to get it done. Amidst the noise and color of Elizabethan London, THE BOOK OF WILL finds an unforgettable true story of love, loss, and laughter, and sheds new light on a man you may think you know.

Henry the Steinway and the Piano Recital Puffin

The fast-paced and gripping true account of the extraordinary construction and spectacular demise of the Key West Railroad—one of the greatest engineering feats ever undertaken, destroyed in one fell swoop by the strongest storm ever to hit U.S. shores. In 1904, the brilliant and driven entrepreneur Henry Flagler, partner to John D. Rockefeller, dreamed of a railway connecting the island of Key West to the Florida mainland, crossing a staggering 153 miles of open ocean—an engineering challenge beyond even that of the Panama Canal. Many considered the project impossible, but build it they did. The railroad stood as a magnificent achievement for more than twenty-two years, heralded as “the Eighth Wonder of the World,” until its total destruction in 1935's deadly storm of the century. In *Last Train to Paradise*, Standiford celebrates this crowning achievement of Gilded Age ambition, bringing to life a sweeping tale of the powerful forces of human ingenuity colliding with the even greater forces of nature's wrath.

It affects only his speech, and he doesn't realize he's doing it, but the parishioners of Nibbleswicke are shocked and confused by his seemingly outrageous comments. At last a cure is found and the mild-mannered vicar can resume normal service. Or at least as normal as is possible for a man who must walk backwards to be sure of talking forwards! In *Going Solo*, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF. His account of his experiences in Africa, crashing a plane in the Western Desert, rescue and recovery from his horrific injuries in Alexandria, flying a Hurricane as Greece fell to the Germans, and many other daring deeds, recreates a world as bizarre and unnerving as any he wrote about in his fiction. 'Very nearly as grotesque as his fiction. The same compulsive blend of wide-eyed innocence and fascination with danger and horror' Evening Standard 'A non-stop demonstration of expert raconteurship' The New York Times Book Review Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and the Giant Peach*, *Matilda*, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, *Roald Dahl's Twisted Tales* by Jeremy Dyson. Henry's Tale Penguin UK

"The more you transform your life from the material to the spiritual domain, the less you become afraid of death." Leo Tolstoy spoke these words, and they became Henry Stuart's raison d'être. *The Poet of Tolstoy Park* is the unforgettable novel based on the true story of Henry Stuart's life, which was reclaimed from his doctor's belief that he would not live another year. Henry responds to the news by slogging home barefoot in the rain. It's 1925. The place: Canyon County, Idaho. Henry is sixty-seven, a retired professor and a widower who has been told a warmer climate would make the end more tolerable. San Diego would be a good choice. Instead, Henry chose Fairhope, Alabama, a town with utopian ideals and a haven for strong-minded individualists. Upton Sinclair, Sherwood Anderson, and Clarence Darrow were among its inhabitants. Henry bought his own ten acres of piney woods outside Fairhope. Before dying, underscored

by the writings of his beloved Tolstoy, Henry could begin to "perfect the soul awarded him" and rest in the faith that he, and all people, would succeed, "even if it took eons." Human existence, Henry believed, continues in a perfect circle unmarred by flaws of personality, irrespective of blood and possessions and rank, and separate from organized religion. In Alabama, until his final breath, he would chase these high ideas. But first, Henry had to answer up for leaving Idaho. Henry's dearest friend and intellectual sparring partner, Pastor Will Webb, and Henry's two adult sons, Thomas and Harvey, were baffled and angry that he would abandon them and move to the Deep South, living in a barn there while he built a round house of handmade concrete blocks. His new neighbors were perplexed by his eccentric behavior as well. On the coldest day of winter he was barefoot, a philosopher and poet with ideas and words to share with anyone who would listen. And, mysteriously, his "last few months" became years. He had gone looking for a place to learn lessons in dying, and, studiously advanced to claim a vigorous new life. *The Poet of Tolstoy Park* is a moving and irresistible story, a guidebook of the mind and spirit that lays hold of the heart. Henry Stuart points the way through life's puzzles for all of us, becoming in this timeless tale a character of such dimension that he seems more alive now than ever.
